Generation Mining Welcomes Appointment of Federal - Provincial Environmental Review Panel for Marathon Project

Toronto, Ontario – November 17, 2020 – Generation Mining Limited (TSX: GENM) (OTCQB: GENMF) (“Gen Mining” or the “Company”) welcomes the recent announcement by the Government of Canada and the Province of Ontario of the appointment of the Joint Review Panel (JRP) to conduct the environmental assessment of the Company’s Marathon Palladium and Copper Project in Northwestern Ontario.

“Generation Mining and all of our stakeholders look forward to supporting the panel members and both governments as they complete their review of our project in a timely manner. As always, our priority is to ensure that we contribute to a meaningful and collaborative consultation process as the Project comes to fruition,” said Jamie Levy, President and Chief Executive Officer of the Company.

“This Project will bring direct economic benefits to the town of Marathon, the surrounding communities, and Indigenous groups in Northern Ontario. It will also give Canada a strategic position in a globally competitive mineral market for palladium and copper, both essential to Canada’s green economy,” concluded Levy.

About Generation Mining Limited

Gen Mining’s focus is the development of the Marathon Palladium-Copper Project, the largest undeveloped platinum group metal Mineral Resource in North America. The Marathon property covers a land package of approximately 22,000 hectares, or 220 square kilometres. Gen Mining acquired a 51% interest in the Marathon Project from Sibanye Stillwater in 2019 and is in the process of increasing that ownership to 80%. A feasibility study was started in the second quarter of 2020 with completion expected in the first quarter of 2021.

Forward-Looking Information

This news release includes certain information that may be deemed “forward-looking information” under applicable securities laws. All statements in this release, other than statements of historical facts, that address the ability of the Company and Sibanye Stillwater to vary their respective participating interests in the Marathon Property, Mineral Resource and Reserve potential, exploration activities and events or developments that the Company expects is forward-looking information. Although the Company believes that the expectations expressed in such statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the statements. There are certain factors that could cause actual results to differ materially from those in the forward-looking information. These include, among other factors, market prices, exploration successes, continued availability of capital and financing, and general economic, market or business conditions.

Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking information. For more information on the Company, investors are encouraged to review the Company’s public filings at www.sedar.com. The Company disclaims any intention or obligation to update or revise any forward- looking information, whether as a result of new information, future events or otherwise, other than as required by law.
